A tentative schedule for the clinic will be evaluations and a review of “basics” on day one. The following two days will be task oriented based upon what the handler wants to work on.

Location: Either at Riverfare Farm in Webster NH or Riverbank Farm (Matt’s house) in Salisbury NH. Location is dependent upon weather and tasks to be worked on by participants.

Instructor: Betty Williams and her family operate W Lazy J Ranch in MT. Betty has successfully handled multiple ASCA WTCHs and uses Aussies on the ranch daily. Dogs and handlers of all levels are welcomed and their sessions will be tailored to their level of ability.
