Plans for the Cranberry Classic Obedience Trials November 8, 2020

COVID-19 GUIDELINES:

Please keep in mind – the State rules on the day of the trial take precedent. This club will comply with ASCA guidelines and Massachusetts State Law. Please be sure you are aware of all guidelines in effect on the date of the shows.

As of September 1, 2020, this is the plan:

Everyone will be required to wear masks if you are on the grounds. Please provide your own PPE. Competitors showing any symptoms, or who have someone that they are in regular contact with, showing symptoms must stay home and not participate in events. People who test positive, or have someone that they are in regular contact with who tests positive, for coronavirus should follow state and local quarantine rules. If you enter and decide to cancel for these reasons – your check will be shredded

Social distancing will be practiced at all times:

Dogs can be crated in the building at all times, but if your class is not running, please remain outside. When your class is in the ring, you may be in the building – this will keep the number of people in the building, at any one time, at a minimum. Please bring your own chair for inside the building, and space yourselves at least six feet from your neighbor. You may want to bring shade cloth or some sort of e-z up for outside. There will be separate entrances and exits for the building.

This is the link to the complete document of the ASCA Guidelines as of September 1, 2020:

<https://www.asca.org/covid-19-related-guidelines-for-asca-sanctioned-events/>

These are the specific guidelines under the heading of “Obedience”

Obedience Specific Guidelines

These temporary measures were developed to enact procedures for safely holding ASCA obedience trials during the Covid-19 pandemic. Regulations differ across the many jurisdictions where ASCA trials are held, and it is the host club’s responsibility to know the laws affecting the trial site. Judges and stewards are the most at risk of exposure (handlers are only in the ring for a short time). These measures are in effect immediately, until further notice.

Ring Conditions:

- 1. The judge will ensure that a 6’ distance is maintained between themselves and the handler, including when welcoming a team into the ring, and between all handlers in the ring at the same time.*
- 2. A chair will be placed inside the ring. Handlers will place their own dumbbells, directed retrieve gloves, and article bags on this chair; leashes will be placed by the handler either on the chair or at another designated location. Stewards and judges are not required to handle leashes and dumbbells and may use tongs or wear gloves to handle directed retrieve gloves and scent articles. Handlers will be allowed to enter the ring (with or without their leashed dog) to lay their dumbbell, articles and/or gloves on the specified chair or table, then exit the ring to prepare to enter with their dog for judging.*
- 3. For all classes not concluding with the Sit Stay – Get Your Leash, Stand Stay – Get Your Leash, or Beginner Novice Recall, after performing the last individual exercise, the handler will pick up the leash and attach it to their dog’s collar. After leashing their dog, the handler will gather all personal belongings from the chair before exiting the ring.*
- 4. Stewards should each carry a slip lead at all times in the event that a dog is out of control.*
- 5. Stewards should maintain their distance while setting jump heights, bringing jumps in and out of ring etc. Host clubs should consider arranging armband order by jump height, to minimize jump changes.*
- 6. Stewards may prefer to have only one person touch a piece of equipment (Beginner Novice signs and holders; ODX cone etc.), and/or to wear gloves when touching equipment.*
- 7. Judges may announce scores from inside the ring, with class entrants remaining outside the ring, spaced 6’ apart. If handlers enter the ring for awards, they should remain 6’ apart. Awards may be self-serve after scores are announced.*
- 8. Judges may choose to disallow win photos to be taken inside the ring.*

Beginner Novice:

1. *Walkthrough: only 2 handlers are allowed in the ring at a time, maintaining a 6' distance at all times; judges may limit the number of times each handler gets to walk the course, especially for large classes. Host clubs should consider the additional time needed for walkthroughs when determining entry limits.*
2. *Figure 8: Tall cones (minimum 18" height) should be used as posts, instead of stewards. Cones will be set out prior to the Beginner Novice classes and left in the ring until the end of the Beginner Novice classes.*
3. *Sit for Exam: The judge is to ensure that the handler walks the full 6' away from the dog. The judge will approach the dog from an angle between the dog's side and its front, maintaining 6' from handler at all times but allowing the dog to see the judge approaching. The judge may wear a glove to examine the dog.*

Novice:

1. *Figure 8: Tall cones (minimum 18" height) should be used as posts, instead of stewards. Cones will be set out prior to the Novice classes and left in the ring until the end of the Novice classes.*
2. *After the Figure 8 and the judge's order "Exercise finished," the judge will direct the handler to place their leash at the specified location before setting up for the Stand for Exam.*
3. *Stand for Exam: The judge is to ensure that handler walks the full 6' away from the dog. The judge will approach the dog from an angle between the dog's side and its front, maintaining 6' from handler at all times but allowing the dog to see the judge approaching. The judge may wear a glove to examine the dog.*
4. *Group exercises: handlers should maintain 6' spacing at all times, including when lining up to enter the ring, and when exiting the ring.*

Open:

1. *Figure 8: Tall cones (minimum 18" height) should be used as posts, instead of stewards. Cones will be set out prior to the Open classes and left in the ring until the end of the Open classes.*
2. *The ODX ring should be designed so that the dog does not confuse the Figure 8 posts with the Directed Open Exercises (DOE) cone. An alternate ODX ring set-up is to use one of the two Figure 8 cones as the DOE exercise cone, and to remove and replace the other Figure 8 cone during the DOE exercise; if this option is chosen, then the placement of the cone to be removed should be marked on the ground. If this option is used, then an 18" or taller cone is to be used in the DOE exercise.*
3. *Handlers are to pick up their own dumbbell from the chair by the ring gate and place it on the chair after the retrieve exercises. Preferred orders for Open B classes are those in which the two retrieve exercises are consecutive (Orders I, II, and IV).*
4. *Only one steward should set each jump height. Only one steward should place and remove the ODX cone.*

Utility:

1. *Scent Discrimination: stewards may wear gloves and/or use tongs to set out and pick up scent articles and to handle the article container, and/or may use hand sanitizer after handling each set of articles.*
2. *Directed Retrieve: stewards may use gloves and/or tongs to set out and pick up gloves, and/or may use hand sanitizer after handling each set of gloves.*
3. *Moving stand and Examination: The judge will approach the dog from an angle between the dog's side and its front, maintaining 6' from handler at all times but allowing the dog to see the judge approaching. The judge may wear gloves to examine the dog. Should the dog travel forward toward the handler such that the judge cannot maintain a 6' distance from the handler when approaching the dog, then the judge should give the order "Call your dog to heel" without approaching and examining the dog, and a non-qualifying score will be given for the exercise.*
4. *Only one steward should set each jump height.*
